

Queen's Students' Union
Referendum Rules and Regulations 2025-26

(Updated on: 27 February 2026)

It is extremely important that anyone campaigning in these referendums reads this document in its entirety.

Participants in breach of any election / referendum regulations may not, in their defence, claim ignorance of such regulations.

The full Rules and Regulations for referendums are available from the Returning Officer (su.voice@qub.ac.uk) and are on the Students' Union website. (www.q-su.org)

Overview

The purpose of referendums (all-student votes) is to determine the opinion of the student membership of Queens' Students' Union on a specified matter.

Referendums are conducted in accordance with the relevant rules in the Students' Union Constitution and Rules and are summarised and clarified in this document.

The rules ensure that the referendum is conducted fairly, with students having an opportunity to participate in the referendum and a generally equal opportunity to campaign being provided to those in support, or opposing, a specific referendum question.

Official Campaign Teams and Campaigning in the Referendum

For the purposes of providing publicity material (posters and leaflets) and posting statements on the Students' Union website in relation to the referendum, the Students' Union will recognise one student as the lead campaigner in support, and in opposition, to each referendum question.

If there are multiple students wishing to be a lead campaigner, the Returning Officer shall determine the student to be the lead campaigner.

Any student member of the Students' Union can campaign / participate in the Referendum. A student does not have to be part of an official campaign to be involved / advocate for a particular position.

Students do not have to be a member of an official campaign team.

Students may only campaign in accordance with the Referendum Rules.

This is a referendum for Queen's students. Only Queen's students can vote in the referendum and participate in the referendum.

Clearly, it is beyond the authority of the Students' Union to prevent external individuals / groups from participating in the Referendum and from taking a position on the issues.

However, if the activities/actions of non-students and/or external groups are alleged to be in breach of the Referendum Rules, these will be investigated as if the alleged breach(s) were undertaken by a student. This could result in sanctions being imposed on the officially recognised campaign teams or could affect the validity/result of the Referendum.

Contacting Campaign Teams

The Students' Union recognise official campaigners / supports for both 'sides' of the referendum question. The recognised campaigns may get campaign materials printed by the Students' Union.

If students want to contact the lead campaigners for either side of this campaign, they can do so through the SU Voice team in the Students' Union who will forward on any correspondence received.

Printed Materials and Publicity

No individual, whether supporting or opposing the Referendum questions, shall make use of printed publicity materials for the purpose of the Referendum without the prior approval of the Returning Officer.

No physical referendum materials (including posters, flyers, banners, T-Shirts, badges etc.) may be displayed or distributed on campus until after Returning Officer personally authorises them to do so.

Official campaign teams will have the following materials printed for them by the Students' Union.

- 30 A3 Posters (single-sided, colour)
- 60 A4 Posters (single-sided, colour)
- 1000 A5 Flyers (double-sided, colour)

No other groups will be allowed printed materials, such as posters and leaflets.

Individual or other groups may not print or distribute any other printed materials. To do so will be considered a breach of the Referendum Rules.

The Returning Officer may amend the entitlement to printed publicity material, provided that each side in a referendum campaign receive the same entitlement.

Official campaign teams will also be given space on the Students' Union website and on the online voting system to outline their position to voters. (This is like online manifestos used by election candidates.)

They may also be given additional opportunities by the Students' Union to communicate with students during the Referendum campaign.

The Returning Officer

The Returning Officer shall be the sole arbitrator in all matters relating to the referendum.

The Returning Officer shall be responsible for conducting the referendum.

The Returning Officer shall make rulings and issue further determinations as required. Such a determination shall have the same standing as a Rule and shall be effective for that referendum only.

Rulings and determinations shall be made available on an authorised noticeboard of the Union and shall be communicated to leading campaigns in support, and in opposition, to the referendum question.

A determination issued by the Returning Officer may be challenged by referral to an Election Court upon petition.

If the Returning Officer is satisfied that a person's failure to comply with any Election/Referendum regulation is directly due to circumstances beyond that person's control, they may at their discretion exempt that person from that regulation. Such a decision may be challenged by reference to an Election Court upon petition.

Complaints and Election Courts

If a Student Member wishes to lodge a complaint regarding any aspect of the referendum, they may do so by submitting it, via email, to the Returning Officer. (su.voice@gub.ac.uk)

A complaint should include: the name of the complainant and their contact details; the details of the alleged issue, including details of any individuals involved; any evidence that may be available.

Complaints will be investigated by the Returning Officer, but they will not constitute a formal request for an 'Election Court'.

Any Student Member who has reason to believe that there was any irregularity of any kind regarding the conduct of a Referendum, shall have the right to lodge a Referendum Petition with the Returning Officer within 72 hours of the alleged irregularity, according to the provisions of Rule 2 of the Students' Union Constitution. An Election Court will then be held to investigate and rule on the petition (complaint). Further information can be obtained from the Returning Officer. (su.voice@qub.ac.uk)

3.3.3 it is not shown that the voter can be identified by means of such a mark.

4. PROCEDURE FOR THE COUNTING OF VOTES IN MANUAL ELECTIONS

4.1 First Stage

4.1.1 the voting papers will be sorted according to first preferences, setting aside any invalid papers and the number of invalid papers will be determined;

4.1.2 the first preference vote for each candidate will be determined;

4.1.3 the quota will be determined as follows: divide the total valid vote by one more than the number of places to be filled. If the result is more than 100, ignore the remainder, and add one. If the result is less than 100, continue the division to two decimal places, ignore the remainder, and add 0.01;

4.1.4 any candidate shall be deemed to be elected whose vote equals or exceeds the quota, provided that the number of candidates deemed elected does not exceed the number of places to be filled.

4.1.5 this completes the first stage of the count.

4.2 Subsequent Stages

4.2.1 If one or more candidates have surpluses above the quota, and the total of such surpluses together with any vote in suspense does not exceed the differences between:

a) the vote of the candidate credited with the least vote and the vote of the candidate next above, or

b) the total vote of two or more candidates with the least votes and the vote of the candidate next above,

the transfers of such surpluses shall be deferred.

- 4.2.2 Otherwise, if one or more of the candidates have surpluses, the largest surplus shall be transferred. If the surpluses of two or more candidates are equal, the surplus of the candidate who had the greatest vote at the earliest stage at which they had unequal votes shall be transferred. If the votes of the two or more such candidates have been equal at all stages of the count, the Returning Officer shall decide by lot which surplus to transfer.
- 4.2.3 If after all surpluses have been transferred or deferred, one or more places remain to be filled, the candidate or candidates with the least votes shall be excluded.
- 4.2.4 The two or more candidates with the least votes shall be excluded together if the total votes of such two or more candidates, together with the total of any deferred surpluses does not exceed the vote of the candidate next above.
- 4.2.5 Otherwise the candidate with the least vote when that vote, together with the total of any deferred surpluses and any vote in suspense, does not exceed the vote of the candidate next above or the vote required on election deposit shall be excluded. If the votes of two or more candidates are equal least, the candidate who had the least vote at the earliest stage at which they had unequal votes shall be excluded. If the votes of the two or more such candidates have been equal at all stages of the count, the Returning Officer shall decide by lot which candidate to exclude.

4.3 Transfer of Surplus

- 4.3.1 In the case of a surplus arising at the first stage, all of the papers which a candidate has received shall be examined.
- 4.3.2 In the case of a surplus arising at a later stage consequential on the transfer of another surplus or from the exclusion of a candidate or candidates, only the last batch of papers, all of one value, which gave rise to the surplus shall be examined.
- 4.3.3 The voting papers to be examined shall be sorted according to next available preferences for continuing candidates. Those papers on which no next available preference is expressed shall be set aside.
- 4.3.4 The number of papers for each candidate shall be determined.
- 4.3.5 The present total value of the transferable papers shall be determined. If this exceeds the surplus, the transfer value of each paper shall be determined by dividing the surplus by the number of transferable papers to two decimal places, ignoring the remainder. Otherwise, the transfer value of each paper is its present value.
- 4.3.6 The values to be credited to each candidate shall be determined and the total reconciled.
- 4.3.7 Any candidate whose vote now equals or exceeds the quota shall be deemed to be elected.

4.3.8 The transfer of a surplus constitutes a further stage in the count.

4.4 Exclusion of a Candidate or Candidates

4.4.1 The papers of the excluded candidate or candidates shall be arranged in batches in descending order of transfer value. The number and total value of the papers in each batch shall be ascertained and reconciled with the total vote of the excluded candidate(s).

4.4.2 The batch of papers of highest transfer value shall be transferred. The papers shall be sorted according to next available preferences for continuing candidates and those papers on which no next available preference is expressed shall be set aside as non-transferable.

4.4.3 The number of papers for each candidate and the number of non-transferable papers shall be determined.

4.4.4 Except in the cases of papers at full value, the value of the papers for each candidate and of the non-transferable papers shall be determined and the total reconciled.

4.4.5 The voting papers for each candidate shall be placed with those previously received.

4.4.6 In the same way, each batch of papers shall be sorted and transferred in turn in descending order of transfer value.

4.4.7 Any candidate whose vote now equals or exceeds the quota shall be deemed to be elected.

4.4.8 The exclusion of a candidate or candidates constitutes a further stage in the count.

4.5 Final Count
